

FINANCIAL POLICY

Good dental care is one of the best investments you can make. Our practice is committed you providing the best treatment for out patients and we charge what is usual and customary for our area.

Full payment is due at time of service. We accept cash, checks, Visa, MasterCard, Discover and American Express credit cards as well as debit cards.

If you are having crowns, veneers, dentures, night guards or other work that must be sent to a dental laboratory, we require 50% deposit on the day impressions are taken. At your final appointment to receive your crowns, dentures, etc. final payment in full will be due.

INSURANCE

Our office will process your dental insurance claims as a courtesy with the understanding that the contract for your insurance coverage is between you and your insurance company. The balance is your responsibility whether your insurance company pays or not.

We require that the patient portion of any treatment is to be paid at the time of service. We will do our best to provide you with an accurate estimate prior to treatment.

Since we administer hundreds of employer benefit plans, we cannot know the details of every plan. To submit an insurance claim you must provide us with current proof of coverage along with all the necessary information to file the claim.

PAYMENT PLANS

We have partnered with Care Credit, a patient financing company, to offer our patients 0% interest financing with approval. No other payment plans are available at this time.

I have read and agree to this policy.
